

Product release information

Product	AMS
Release number	V4.4.0077
Release date for evaluation	N/A
Release date for live deployment	18th March, 2013

Issue Date : 15th March, 2013
Author(s) : QA
Authorizer(s) : Product Manager
Issuer : QA

DOCUMENT HISTORY

Date	Revision	Change
14 th March, 2013	0.1	Initial draft
15 th March, 2013	1.0	Updated and reviewed to reflect deployment to the Production Environment
15 th April, 2013	1.1	Updated to reflect changes since previous (V4.4.0063) notification

Introduction

This document lists the enhancements and bugs relating to Kallik software products.

Disclaimer: Every care has been taken in the preparation of this document and other information that we publish to ensure that the information is accurate, factual and correct to the best of our knowledge, at the time of publishing. Kallik Limited accepts no liability for any loss or damage or unforeseen consequential loss or damage arising from the use of the information contained within these documents. The information published in these products is subject to change without notice at any time, and Kallik Limited accepts no liability or obligation to inform the reader of such changes.

1. Enhancements

Reference #	Description
IN3046	The search function for the Factory Labeling module extended (partial searches).
IN3047	The search list with the Factory Labeling module now restricts the search list to SKU and Component.
IN3208	Factory Labeling - extended the HIBC Barcode functionality (user now allowed to generate a barcode without entering an expiry date).

2. Bug Fixes

Reference #	Description
IN3199	Merge of IN3178 (Adding an empty rejection comment during an approval not permitted).
IN3280 Client Ref 5336	Merge of IN3150 (Resolved issue where the BM was unavailable on copying conventional cancelled project for new version).
